Regulation No. 5 was repealed and the following substituted:—

REGULATION 5.

DISINFECTION OF NURSERY STOCK, TREES AND PLANTS.

Every person owning or occupying, or having in possession any land or orchard with standing trees or shrubs, or having thereon nursery stock, or trees and plants of any kind, infected with insect pests or fungous disease, shall cause the same to be disinfected and cleansed by using the remedies herein prescribed, or such other insecticides and fungicides as may be found effective, and are approved by a member of the Board or the Inspector of Fruit Pests, and no such inspected nursery stock, trees or plants shall be sold, forwarded, distributed or parted with until a certificate of the satisfactory cleansing thereof shall have been obtained from a member of the Board or his agent, or the Inspector of Fruit Pests. Such certificate shall remain in force for three months from date of issue unless revoked by further inspection. Any member of the Board, or the Inspector of Fruit Pests, may order the destruction, by rooting out and burning, or by any other available method, of all infected nursery stock, trees, or plants of any kind, wherever after inspection such destruction by rooting out and burning is necessary to prevent the continued existence or spreading of any infection, pest or disease, and if any order made hereunder is not complied with, and carried out within the time specified in such order, after a copy of such order has been posted up on or near the land or orchard or premises whereon such order is intended to take effect, any member of the Board or Inspector of Fruit Pests may, by himself, his agents, servants, and workmen, enter into and upon any land, orchard or premises whereon such order is intended to take effect, and carry such order into effect by any available method, and that the cost of such work shall be a charge against the owner or occupier thereof, and no person shall in anywise howsoever hinder or obstruct the carrying into effect of any such order.

Regulation No. 8 was repealed and the following substituted:—

REGULATION 8.

INSPECTION OF IMPORTED AND HOME-GROWN FRUIT.

All fruit, whether imported or grown in this Province, and whether in process of growth or gathered for intended use or sale, or exposed for sale, shall be subject to inspection under the authority of the Board, and if found to be infected with any injurious insect pest or fungous disease, shall be quarantined, or may be destroyed at the expense of the owner of said fruit by such methods as the Board or its agents may direct. Packages containing quarantined fruit shall be marked with a distinctive mark or brand at the time of the inspection thereof by the inspecting officer. It shall be an offence against the Rules and Regulations of the Board of Horticulture to deface or remove such mark or brand.

EXCERPT FROM RULES AND ORDERS RELATING TO PRIVATE BILLS.

RULE 59.

ALL APPLICATIONS for Private Bills, properly the subject of legislation by the Legislative Assembly of British Columbia, within the purview of the "British North America Act, 1867," whether for the erection of a Bridge, the making of a Railway, Tramway, Turnpike Road, or Telegraph or Telephone Line; the construction or improvement of a Harbour, Canal, Lock, Dam, Slide, or other like work: the granting of a right of Ferry; the incorporation of any particular trade or calling, or of any Joint Stock Company; or otherwise for granting to any individual or individuals any exclusive or peculiar rights or privileges whatever, or for doing any matter or thing which in its operation would affect the rights or property of other parties, or relate to any particular class of the community, or for making any amendment of a like nature to any former Act,—shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such notice to be published as follows:—

In the BRITISH COLUMBIA GAZETTE, and in one newspaper published in the District affected, or if there be no newspaper published therein, then in a newspaper in the next nearest District in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceeding Session and the consideration of the Petition, and copies of such notice shall be sent by the parties inserting such notice to the Clerk of the House, to be filed amongst the records of the Committee on Standing Orders.

57. No Petition for any Private Bill shall be received by the House after the first ten days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any Report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no Motion for the suspension or modification of this Rule shall be entertained by the House until the same has been reported on by the Committee on

Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committee charged with consideration of Private Bills, who shall report thereon to the House. And if this Rule shall be suspended or modified as aforesaid the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the Petition has been received after the time hereinbefore limited, shall in either case pay double the fees required as herein mentioned, unless the House shall order to the contrary. Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight days before the opening of the Session, a printed copy of such Bill, a copy of the Petition to be presented to the House, *together with the notices published.* At the time of depositing the Bill, the applicant shall also pay to the Clerk of the House a sum of three hundred dollars. If a copy of the Bill, Petition and notices shall not have been so deposited in the hands of the Clerk of the House at least eight days before the opening of the Session, and if the Petition has not been presented within the first ten days of the Session, the amount to be paid to the Clerk shall be six hundred dollars. If the Bill shall not pass second reading one-half of the fees paid shall be returned.

60. Before any Petition, praying for leave to bring in a Private Bill for the erection of a Toll Bridge, is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Rule 59, also at the same time and in the same manner, give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

61. All Private Bills for Acts of Incorporation shall be so framed as to incorporate by reference the clauses of the General Acts relating to the details to be provided for by such Bills:—Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the General Act is proposed to be departed from. Bills which are not framed in accordance with this Rule shall be re-cast by the promoters and re-printed at their expense before any Committee passes upon the clauses.

65. All Private Bills shall be prepared by the parties applying for the same, and printed in Small Pica type, twenty-six ems by fifty ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Two hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters thereof.

By new Rule 65A, passed on the 2nd April, 1901, (*see Journals*, 1901, page 58), a model form of Railway Bill is adopted.

By 65B all Bills to incorporate or amend Bills incorporating railway companies are to be drawn in accordance with the Model Bill.

The provisions contained in any Bill which are not in accord with the Model Bill shall be inserted between brackets.

Any exceptional provisions that it may be proposed to insert in any such Bill shall be clearly specified in the notice of application for the same.

Under a new rule, *see Journals* 7th March, 1908, in the case of Bills to Incorporate Companies, in addition to the fee of \$300 mentioned in rule 57, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

DOMINION ORDERS IN COUNCIL.

[245]

AT THE GOVERNMENT HOUSE, OTTAWA.

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS section 1 of the Coal Mining Regulations, established by Order in Council of the 9th May, 1907, provides that the coal mining rights which are the property of the Crown may be leased for a term of twenty-one years at an annual rental of \$1 an acre, payable yearly in advance:

And whereas it would appear from representations which have been made to the Department of the Interior, that, owing to the very large expenditure which is necessarily incurred in opening up and equipping a coal mine, and the considerable period of time which must elapse after the issue of a lease before the mine can be made profitably productive, the above term of twenty-one years is not sufficiently long, and that provision should be made for a renewal of the lease for an additional term, provided the lessee has complied with the provisions of the Regulations and the conditions of the lease:

Therefore, His Excellency the Governor-General in Council is pleased to order that section 1 of the Coal Mining Regulations, as established by the Order in Council of the 9th May, 1907, shall be and the same is hereby amended by providing that the term of the lease shall be twenty-one years, renewable for a further term of twenty-one years, provided the lessee can furnish evidence satisfactory to the Minister of the Interior, to show that during the term of the lease he has complied fully with the conditions of such lease, and with the provisions of the Regulations under which it was granted.

And His Excellency is further pleased to order that this provision shall apply also to coal mining leases which have already been issued under the provisions of the above Coal Mining Regulations.

F. K. BENNETTS,

mr11

Assistant Clerk of the Privy Council.

[31.]

AT THE GOVERNMENT HOUSE AT
OTTAWA.

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS applications have been submitted to the Department of the Interior for the right to prospect for coal on lands, the coal mining rights under which have not been alienated from the Crown, and under the present regulations the only way in which the permission sought can be obtained is by securing a lease of the coal mining rights under the lands upon which the applicant desires to operate, and pay in advance a rental at the rate of \$1 an acre per annum for such coal mining rights; and

Whereas it is in the public interest that applicants should be given reasonable inducements to explore for coal on lands which present no surface indications of its existence:

Therefore, His Excellency the Governor-General in Council is pleased to make, and doth hereby make, the following Regulations governing the granting of permission to prospect for coal:—

1. The Minister of the Interior may reserve for an applicant the coal mining rights, the property of the Crown, under an area of not more than 2,560 acres of land, for a period not exceeding two years, for the purpose of enabling him to carry on prospecting operations thereon with the view of discovering coal.

2. The tract applied for shall consist of sections and regular subdivisions of sections, but the several parcels comprising the tract must be contiguous.

3. Each application shall be accompanied by a fee of one hundred (\$100) dollars, which will be applied on account of the rental in case a lease of

the coal mining rights or any portion thereof is subsequently granted, and will be refunded in case permission to prospect is not granted, or if it is shown to the satisfaction of the Minister of the Interior that the applicant has thoroughly prospected the tract reserved for him, and has failed to discover coal thereon in paying quantities, but not otherwise.

4. If the surface rights of any portion of the tract reserved for an applicant is the property of the Crown, he may obtain a lease during the period of the reservation only, of such area thereof, for the purposes of his coal mining operations, as the Minister of the Interior may consider necessary, upon payment in advance of a rental at the rate of one (\$1) dollar an acre per annum.

5. The reservation of the coal mining rights will be made upon the express condition that the applicant shall expend in actual prospecting operations, by recognised methods, during each of the years covered by the reservation the sum of not less than one dollar an acre in connection with the rights reserved for him, and shall, prior to the determination of each period of one year, furnish evidence, supported by affidavit, to show that he has incurred the required expenditure in actual prospecting operations by recognised methods, for the discovery of coal on the tract affected by the reservation, otherwise the permission granted shall absolutely lapse.

6. In case the surface rights of any portion of the tract applied for has been disposed of, it will be necessary for the applicant, before permission to prospect thereon for coal can be granted, to furnish satisfactory evidence to show that he has obtained from the owner or occupant of the surface rights permission to enter upon the land for the purpose of prospecting.

7. If, at the expiration of the period for which permission has been given to prospect, the applicant desires to lease the coal mining rights included in the reservation, or any portion thereof, he shall be considered the first applicant for such rights, provided evidence is furnished to the satisfaction of the Minister of the Interior that he has incurred the prescribed expenditure in prospecting for coal on the tract included in the reservation, and permission to acquire a lease of such coal mining rights shall be granted under the provisions of the Regulations in that behalf.

F. K. BENNETTS,

mr11

Assistant Clerk of the Privy Council.

[Ref. 32,223.]

AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 16th day of February, 1909.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-
GENERAL IN COUNCIL.

WHEREAS representations have been made that rock in place, bearing valuable mineral deposits, has been discovered within the limits of certain forest reserves which were set apart by authority of The Dominion Forest Reserves Act, chapter 14, of 6 Edward VII;

And whereas while the lands which have been set apart by this Act can be dealt with only under Regulations established under the authority of that Act, it was not the intention in the establishment of forest reserves that the development of valuable mineral deposits which might be discovered within the limits thereof, should be thereby prevented,—

Therefore, His Excellency the Governor-General in Council is pleased to order that the Regulations for the disposal of quartz mining claims, established by Order in Council of the 13th day of August, 1908, shall be and the same are hereby extended to lands situated within the limits of reserves established by the Dominion Forest Reserves Act, subject, however, to the following restrictions:—

1. That a Crown Grant shall not be issued for a mineral claim situated within the limits of a forest reserve, but the holder of a mineral claim so situated, who has complied fully with those requirements of the Quartz Mining Regulations which precede the issue of a Crown Grant shall be

entitled to a lease of the surface and mineral rights of the claim in connection with which such requirements have been fully complied with, or a lease of the mineral rights and of such of the surface rights as the Minister of the Interior may consider necessary for the efficient and economical working of the mineral rights granted under such lease.

2. That the term of the lease shall be twenty-one (21) years, renewable for further terms of twenty-one years in each case, provided satisfactory evidence is submitted to show that the lessee has complied fully with the conditions of his lease and the provisions of the regulations.

3. That the grantee or lessee of a mineral claim shall do no unnecessary damage to timber, and will carefully observe all the provisions of all regulations relating to forest reserves.

4. That no trees on the reserve shall be cut by him without the permission of the Superintendent of Forestry, and that when any trees are so cut, he shall carefully clear the ground of all tops and branches and other debris of such cutting, and shall so dispose of them as to prevent danger from fire in accordance with the instructions of the officer in charge of the reserve. If in order to dispose of such debris, it is found necessary to burn it, the lessee of the claim shall give due notice of his intention to do so to the officer in charge of the reserve, and before he proceeds to burn such debris, shall obtain the consent of such officer and shall comply with all the conditions imposed by such officer in regard to such burning.

5. That the lessee shall clear, and at all times keep clear of inflammable material, a space of at least one hundred (100) feet in width surrounding his works or operations.

6. That any engine operated by the power of steam used by him in connection with his works or operations, shall be fitted with efficient spark arresters which shall at all times be kept in a state of good repair.
